

THIS AFFECTS YOU!

THIS MAY BE YOUR LAST CHANCE TO

Keep your access to the EL PASO MOUNTAINS and many of the desert roads around RIDGECREST!

If you **LOVE** the El Paso Mountains and those special areas around Ridgecrest? We have, what may be, one last opportunity to make a difference. We must attend the first meeting in Ridgecrest of the Collaborative Access Planning Area (CAPA) Workshops for finally deciding roads, routes and trails; open, open limited and closed. It is really important to attend the first meeting, so we can demonstrate to the the Bureau of Land Management our willingness to make this road designation process work.

Whatever your interest is – be it hunting, hiking, rockhounding, historic preservation, motorcycle and 4x4 off road use, appreciating the animals and plants, photography, star viewing, Native American history, mining, rock climbing, equestrian, just sightseeing the beautiful vistas, or other stakeholders, you **HAVE** to attend this Ridgecrest Meeting.
